

SCION HALL OF FAME 2026

Last update: 1.09.2026

Celebrating SCION Association's member organizations and people advancing the SCION ecosystem

The SCION Hall of Fame is an annual recognition program celebrating organizations and individuals from the SCION Association member community who have made exceptional contributions to the advancement, deployment, innovation, and adoption of SCION.

The winners are chosen through a fully public vote and celebrated each year at SCION DAY.

FOUR CATEGORIES

SCION VISIONARY

For organizations adopting SCION

- Recognizes a member organization that has demonstrated leadership through the adoption of SCION.

For those who saw the future before others did.

SCION INNOVATOR

For research and open-source contributors

- Recognizes a member organization that has expanded the capabilities, applications, or technical foundations of SCION.

For those who make the impossible possible.

SCION CONNECTOR

For network and service providers

- Recognizes a member organization that has demonstrated outstanding commitment to expanding SCION connectivity.

For those who bring SCION to the world.

SCION VOICE

For individual contributors

- Recognizes an individual from our member organizations who has helped educate, advocate for, and raise awareness of SCION across industries and markets.

For those who help the world understand why SCION matters.

Nomination criteria for SCION VISIONARY, CONNECTOR and INNOVATOR

All member organizations are nominated automatically in the categories they belong to: users, providers, research and open-source contributors.

Members can decide if to be part of the initiative or not.

Nomination criteria for SCION VOICE

Each SCION Association member organization may nominate one individual, based on their contributions during the 2025–2026 period. Individuals that are part of Boards at the SCION Association can't be nominated.

Nominees should have made a visible contribution to raising awareness, understanding, or adoption of SCION during the past year. Contributions can include:

- Advocacy: actively championing SCION within industry, research, or organization.
- Education: helping others understand SCION through talks, articles, events, workshops, or other activities.
- Community contribution: actively participating in and strengthening the wider SCION community.
- Impact: demonstrating a tangible contribution to increasing SCION's visibility, innovation or adoption.

Members can decide if to nominate someone from their organization or someone from another member organization. The SCION Association can nominate one of its Ambassadors.

HOW IT WORKS

1. NOMINATIONS

Association member organizations are automatically eligible for the relevant company categories and provide a short statement explaining their contribution and why they should win.

For *SCION VOICE*, each member organization can nominate one individual who meets the nomination criteria from their own organization or another member organization. The SCION Association is eligible to nominate one of the SCION Ambassadors.

2. PUBLIC COMMUNITY VOTING

The winners are chosen entirely through a public vote.

A dedicated SCION Hall of Fame online platform will showcase all nominees, their contributions, and why they should win. Voting will be open to the public for a defined period ahead of SCION Day (from September to SCION DAY), allowing the wider public to decide who should enter the Hall of Fame.

3. AWARDING

The nominee receiving the most public votes in each category will be inducted into the SCION Hall of Fame and celebrated at SCION Day 2026.

WHAT WINNERS RECEIVE

SCION Hall of Fame Trophy

A commemorative award recognizing their contribution to advancing the SCION ecosystem.

Industry Recognition

Dedicated visibility through an official SCION Hall of Fame announcement, press release, website feature, and social media promotion.

Chosen by the ecosystem. Celebrated by the community.
